# THINK OPPORTUNITIES!

- When you receive your results, there are at least three possibilities:
  - ☐ You are happy that your results met your expectations 😊
  - ☐ You are overjoyed that your results exceeded your expectations 😊 😊
  - ☐ You are worried/upset because your results fell short of your expectations 😞

Regardless, remember that each person's journey is different but you can each choose what's best for you!

*Many pathways and opportunities!*

# Managing Your Emotions and Making Your Decisions

When you receive your results, you may feel overwhelmed by emotions. Managing these emotions well will allow you to stay calm and make rational decisions.

**STOP**

**STOP** any unhelpful thoughts or actions that would make you more upset. Inhale deeply and exhale slowly using 10 counts as you relax your muscles. Acknowledge your emotions.

**THINK**

**THINK** through the different options that are available for you. Keep things in perspective. Remember that the N-Levels is just one phase of your life journey and not your destination.

**DO**

**APPROACH** a trusted adult and seek his/her help. Have a conversation with this person about what would be best for you. Make a decision based on your options.  
**Continue your education and invest in your future.**

# Key Pointers for Students on ITE's Joint Intake Exercise (JIE) for Admission to Nitec Courses

All N(T) students and N(A) students (who are not progressing to 5N(A) or repeating 4N(A)) are eligible for JIE.

Keen competition for *Nitec* courses, so use all 12 choices wisely!

Participation in Main Phase is key to secure a place in ITE!

If you are keen in the work & learn option, you may consider applying for the ITE Traineeship programme. Do apply in the Main Phase to avoid missing a place in ITE!

If you are unsuccessful in EAE, make sure you apply in Main Phase to avoid missing a place!

If you have received an additional letter, then you are eligible for the 3-year *Nitec* Programme (eNFP).

If you are eligible for eNFP, make sure you apply for the 2-year *Nitec* first before applying for eNFP!

The Enhanced NITEC course helps to build the necessary literacy and numeracy foundations that will enable you to successfully complete your *Nitec* course!

If you are counter-offered a course, accept it first before appealing to another course you may be more interested in!

# JVS Computer Lab

Should you need to use the school computer for your online applications, you may do so by returning to school (properly dressed in your JVS uniform) and approach the General Office.
